PERSONAL STATEMENT

I am a developer that is an essential part to any team. I bring expertise to all aspects of the project, from the code to the business side. It's the challenge that keeps me going. Always adapting to the current goal that is presented in front of me. The best part about completing a project is knowing that you can always improve upon the next one, and in this industry, staying in front is key.

TECHNICAL SKILLS

UI & UX Design // Prototyping // WordPress // Wix // Shopify // Hubspot // HTML 5 // CSS 3 // JavaScript // jQuery // Angular // React // Vue // Liquid // PHP // SQL // Drupal // Joomla

WORK HISTORY

Technical Lead
KANOPI STUDIO // *Mar 2016 - Feb 2020*

Lead a team of talented WorPress developers to maintain and create new themes, plugins and websites for various customers. Also coordinated remote team of designers and developers to provide distribution of work to the proper resource to get the job done right.

Senior Developer
Cobble Hill // *June 2014 - Mar 2016*

Built a Magento site to replace client's old version, tripling their eCommerce profits year over year. Also built two extremely successful WooCommerce sites for small brands, helping them increase sales and revenue. Built a boilerplate theme for WordPress sites and developed real estate website.

Web Developer
Blue Key // *Oct 2013 - June 2014*

Built enterprise-grade sites for clients and web app which allow users to seek and sell using CATERPILLAR machinery. Also developed internal tools to monitor uptime on Ruby on Rails.

Web Designer
Ignite It Group // *Oct 2009 - May 2011*

Designed and developed marketing strategies such as logos, websites, flyers, e-learning modules, and more for small to large clients,
